Our Dyersville spot, which opened in June 2023, was a great launchpad, but our creative energy got too big for the building! To better serve our incredible clients, we're officially setting up our new, expanded creative hub on October 1, 2025.

### Our New Digs:

You can now find our Iowa team at **2728 Asbury Rd, Suite 775, Dubuque, IA 52001.**

This is much more than a new address; it's a 3,500 square-foot creative haven nestled within a truly unique, historically rich property in Dubuque. Our creative dynamos are ecstatic to draw inspiration from this blend of timeless architecture and modern features. This setting mirrors our design philosophy: combining the dignity of tradition with cutting-edge visual solutions to transform spaces. The new environment provides the perfect backdrop for crafting your next unforgettable project.

"This upgrade allows us to truly be a central creative hub—strengthening our regional presence and bringing us closer to all the amazing businesses and community partners we love working with," stated Michael Edwards, Regional Director North for Edwards Creative. "We're excited to jump into the heart of Dubuque, bringing our expanded capacity for custom fabrication and environmental design right to our clients' doorstep."
